Introduction

The Ontario Games is a program provided by the Ministry of Tourism, Culture and Sport (MTCS). The Ontario Games began in 1970 as a showcase for amateur sport. As the Province's largest multi-sport event, the Ontario Games provide athletes of the province with a developmental and competitive opportunity to prepare for national and international competition. The Games give the public a chance to see some of Ontario's best amateur athletes compete in the only multi-sport event of this caliber hosted in the province.

The Ontario Winter Games (OWG) involves up to 3,500 registered participants including athletes, sport assistants, coaches, managers, officials and Provincial Sport Organizations (PSO) representatives every two years.

The Government of Ontario recognizes the significant cost of amateur sport for Ontario families. The Government's investment in the Ontario Games aims to provide a high quality and unique multi-sport Games experience that is affordable for participants.

The OWG provides:

- A subsidized and affordable multi-sport experience and high level competition for athletes, coaches and officials.
- A unique athlete experience that aims to model the conditions of a major multi-sport Games including an athlete parade and Opening Ceremony, while also providing an opportunity to interact with and cheer on athletes in other sports.
- An opportunity to provide professional development for coaches and officials before, during and after the Games.
- An opportunity to showcase and grow the sport of speed skating.

Administrative Responsibilities

Speed Skating Ontario (SSO) is responsible for overseeing all administrative and competition requirements with respect to participation in the Games (ex- room assignments, sharing registration information, equipment needs and venue set up).

The Officials Development Committee will assist in managing all officials for the Games including identifying opportunities for officials to be trained and evaluated. Along with the designated Chief Officials, SSO will be relying on the parents of the athletes selected for the Games to volunteer for the speed skating event.

Coaches must be Introduction to Competition or Competition Development Certified (or within the 1-year grace period from completion of their NCCP course) in order to be eligible to coach skaters at the OWG. Eligible coaches should submit their interest to be an OWG coach to techdirector@ontariospeedskating.ca by **Friday December 5, 2025**.

Coaches will be selected by the Technical Director on the basis of their qualifications, availability and the logistical needs of the skaters participating in the Games. Successful applicants will be notified by **Wednesday December 17, 2025**.
